Self-reporting of CFAR User Category for the NIH

Required by the NIH

<u>Principal Investigator</u>
Indicate the user category that applies, below.
*All CFAR users will fall into one of these four categories.

☐ **1-NIH AIDS PI** Individuals who have ever been the PI on an R01 equivalent grant in HIV/AIDS (R01 equivalents include R01, R23, R29, R37 and, after 2008, DP2)

☐ **2-NIH PIs being brought into AIDS research**: Individuals who are or have ever been the PI on an R01 equivalent grant, *but never in HIV/AIDS*

☐ **3-AIDS-research Pipeline**: NIH "New Investigators," An NIH definition that encompasses individuals who have received funding as a PI directly from NIH*, but not yet at the R01 equivalent level.

☐ **4-AIDS-research Pipeline**: CFAR Users who have not yet received direct funding from NIH** as PI or Co-PI funding on any NIH grant mechanism.

**Individuals whose only NIH funding at the PI or PD level has come *indirectly* from NIH, for example via an NIH CFAR Administrative Supplement, fall into Category 4.

**Some CFAR users will also fall into one of these categories. Please check all that apply.*
☐ **Developmental Core Special Emphasis.** Recipients of Core B research funding, mentoring, and/or other services
☐ **Developmental Core Special Emphasis.** Recipients of NIH CFAR administrative supplements

The NIH asks us to identify Awardees who are women and/or members of underrepresented groups in AIDS research whenever possible. Therefore, we would appreciate your providing the following information if you are comfortable doing so. It will be reported to the NIH in aggregate and your specific answers, if provided, will be only be available to the Developmental Core staff. **Please note that providing any or all of this information is not required and will not affect your Award, application, or affiliation with the Dev Core in any way.**

Race: _____

Hispanic/Latino? ____ Yes _____ No

Gender: ____ Male _____ Female _____ Other

The following two questions are also completely optional and your choices around answering them will **not** affect your application, Award, or affiliation with the Dev Core in any way.

Are you:

An individual with disabilities? ____ Yes _____ No _____ Prefer not to answer

From a disadvantaged background? ____ Yes _____ No _____ Prefer not to answer

Definition from NIH (https://era.nih.gov/commons/disadvantaged_def.htm):

An individual is considered to be from a disadvantaged background if he or she meets two or more of the below criteria.

1. Were or currently are homeless, as defined by the McKinney-Vento Homeless Assistance Act (Definition: https://nche.ed.gov/mckinney-vento/);
2. Were or currently are in the foster care system, as defined by the Administration for Children and Families (Definition: https://www.acf.hhs.gov/cb/focus-areas/foster-care);
3. Were eligible for the Federal Free and Reduced Lunch Program for two or more years (Definition: https://www.fns.usda.gov/school-meals/income-eligibility-guidelines);
4. Have/had no parents or legal guardians who completed a bachelor's degree (see https://nces.ed.gov/pubs2018/2018009.pdf);
5. Were or currently are eligible for Federal Pell grants (Definition: https://www2.ed.gov/programs/fpg/eligibility.html);
6. Received support from the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) as a parent or child (Definition: https://www.fns.usda.gov/wic/wic-eligibility-requirements).
7. Grew up in one of the following areas: a) a U.S. rural area, as designated by the Health Resources and Services Administration (HRSA) Rural Health Grants Eligibility Analyzer (https://data.hrsa.gov/tools/rural-health), *or* b) a Centers for Medicare and Medicaid Services-designated Low-Income and Health Professional Shortage Areas (qualifying zipcodes are included in the file). Only one of the two possibilities in #7 can be used as a criterion for the disadvantaged background definition.

Co-PI (if relevant)

Plan for future funding

type here

Duplication of Funding

If a Developmental Award is funded by the CFAR and a similar proposal is funded by NIH during that same funding year, the applicant must meet with CFAR to either 1- make sure the research proposal from CFAR does not overlap with the NIH proposal or 2- return funds to CFAR or refuse funds from NIH.

Developmental Cohort Membership

UNC Awardees are members of the annual UNC CFAR Developmental Cohort, which provides resources and support in monthly virtual meetings, special events and opportunities, and email communications.
